All emerging costs related to the invalid or not provided IBAN charges the Customer.

As regards any issue concerning the acceptance and fulfilment of payment orders that is unregulated in this section, the general rules set forth in the Bank's business regulations shall be governing.

Transfer orders involving conversion which are submitted before the cut-off time are converted on the date the coverage is available, once a day, after 2:00 p.m., at the exchange rate set for the execution of foreign currency transfer orders, with the customer type and the order type (normal, urgent, very urgent) also being taken into account. The orders are booked after the conversion, on the envisaged value date of execution.

In the case of incoming foreign exchange transfer orders, some charges may be deducted prior to the Bank receiving the order. Such incurred costs are independent of the Bank, and are developed on the basis of the transfer route determined by the initiating bank, depending on the pricing terms of the intermediary banks. Costs deducted from the original amount of the transfer order are not assumed by the Bank from the customer.

Transfer orders initiated in foreign currencies shall be executed in the currency determined by the customer only if the beneficiary financial institution keeps accounts in the intended currency of the transfer.

If the customer launches a credit transfer order assuming all transfer charges (OUR), the customer's account may be subsequently debited with the fees charged by the intermediary banks involved in the transfer.

- correctness of the beneficiary's IBAN
- shared charges (SHA)
- SEPA membership of the beneficiary bank (or accessibility through SEPA network)

In case all the above mentioned requirements excluding solely the last one are fulfilled, and unless the Customer is informed otherwise, the Bank shall execute the payment as non-SEPA transaction.

24. If the amount of a SEPA credit transfer with conversion is given in the currency of the credited account – different from EUR –, than the credit transfer can not be extra urgent. For any services which are not included in the given account package, Customers using an Account Package shall pay the fees set out in the Corporate List of Terms & Conditions from time to time in effect.

25. The SEPA DD Core direct debits are executed according to the instructions about restrictions, on the first workday after the day of receipt of the instructions, including the SEPA DD Core direct debits if the day of execution is on that first working day. 29. Transfers initiated via Payment Initiation Service Providers.

In case of payment transactions initiated through a payment initiation service provider the fees applied on electronic channels (Raiffeisen DirektNet, *myRaiffeisen*, Raiffeisen Electra, MultiCash, in case of expanding to corporate customers *myRaiffeisen*) used by the customer will be debited.

30. The bank rejects the crediting or reception of HUF transfers and in-house transfer between the customer's own accounts where the beneficiary account is denominated in foreign currency below HUF 5 and the crediting of interbank incoming HUF transfers below HUF 5 as ungrantable transactions with too low amount.

31. Starting from 15 December 2019, the Bank shows the fee charged for a currency conversion service related to a cross-border credit transfer in euro (SEPA credit transfer) initiated by the Customer or incoming to the credit of the Customer's payment account kept at the Bank, as well as the fee that might be charged for urgent/extra urgent performance in the case of a cross-border SEPA credit transfer initiated by the Customer, separately—breaking up the lump-sum transaction fee applied previously—and discloses these fees in the List of Terms & Conditions as separate fee elements additional to the transfer fee of the credit transfer as a basic fee. It is a further change that as of 15 December 2019 a distinction is made between the different transfer fees (i.e. basic fees) of cross-border SEPA credit transfers initiated by the Customer according to transaction channels as well, adjusted to domestic HUF credit transfers. The breakup of the transaction fee of cross-border SEPA credit transfers as above does not result in any detrimental change (fee increase) for the Customers, its sole purpose being to give more transparent information to the Customers and to ensure compliance with Regulation (EC) No 924/2009 on certain charges on cross-border payments in the Union and currency conversion charges. Therefore the transaction fee of cross-border SEPA credit transfers equals the sum total of the basic fee relevant to the channel used by the Customer and the additional conversion fee that may be charged—depending on the order type—in the case of a conversion service, or the urgency or extra urgency fee optionally charged in the case of urgent/extra urgent performance.

32. With a view to compliance with Regulation (EC) No 924/2009, starting from 19 April 2020 the fees charged for all foreign currency credit transfers will be broken up into their constituents, and where applicable the fees of the currency conversion service connected to the transfer and of urgent / extra urgent performance will be shown as separate fee elements in addition to the transfer fee (basic fee). Therefore the transaction fee of foreign currency credit transfers equals the sum of the basic fee relevant to the channel used by the Customer and—depending on the order type—any additional conversion fee that will be charged in the case of a conversion service, and/or the urgency or extra urgency fee charged in the case of urgent/extra urgent performance.
33. *Meeting its obligation set out in Regulation (EC) No 924/2009, starting from 19 April 2020 in the case of foreign currency credit transfers involving currency conversion and started from the Bank's website or from the mobile app, before the approval of the financial transaction the Bank shall inform the Customer via the given channel of the total estimated amount of the credit transfer in the currency of the payment account to be debited, including all transaction fees and conversion fees. If the Customer enters the amount of the foreign currency credit transfer (involving conversion) in the currency of the payment account to be debited, the Bank shall inform the Customer of the estimated amount to be transferred to the beneficiary in the currency of performance. It shall be the responsibility of the Customer to view prior to the approval of the payment transaction the above information provided by the Bank via the given channel.*

Rules of Procedure of NBH's VIBER (Real-Time Gross Settlement System) Service

Rule No. 1:

If the remitting bank has accepted a payment order from the customer to be executed on the same day, it shall forward the order within 2 hours, not later than the cut-off time stipulated by NBH for the acceptance of VIBER customer payments, and provide sufficient funds for the transaction. If a VIBER payment order has been accepted before VIBER opening hours, the 2-hour processing time shall be counted from the opening of VIBER operating hours.

Rule No. 2:

In the case of customer payment orders to be executed on a specified value date, the VIBER member must provide sufficient funds on the value date within 2 hours from the opening hour.

Rule No. 3:

VIBER members must credit HUF orders coming from VIBER immediately to the customer's account, within 2 hours from receipt at the latest, as monies received on the relevant day, so that the incoming amount shall provide funds for the customer's transfer orders concerning the same day. Should an order arrive after the prevailing cut-off time of VIBER customer items, the VIBER member must nevertheless credit such orders on that day, by the deadline specified in effective laws concerning payments (pursuant to the rules of the Interbank Clearing System operated by GIRO Settlement Ltd.).

Rule No. 4:

Should the VIBER member be unable to credit an order coming from VIBER due to any particular mistake (e.g.: wrong bank account number), such order must be returned to the remitting bank through VIBER—with a standard message and supplied with the adequate, standardised error code—possibly on the same day, not later than one and a half hours from VIBER opening time on the following banking day.

Rule No. 5:

Receiving VIBER members are prohibited from modifying incoming orders before crediting them to the customer's account. Should the remitting bank ask an order to be returned due to technical problems (e.g.: double sending) prior to crediting, the receiving VIBER member shall return it with a standardised error code on the basis of the remitting bank's advise, against the remitting bank's simultaneous written confirmation (including transaction details that make it possible to identify the wrong transaction beyond doubt). If the customer's account has already been credited, the receiving VIBER member shall immediately start discussions with the customer based on the remitting VIBER member's advise in order to have the item—credited due to the sender's fault—returned as soon as possible. The receiving VIBER member may not, however, modify the original payment order even in such case.
