If the price of an investment is denominated in a foreign currency, or in the case of a foreign currency account balance, the fees will be determined on the basis of the quarter-end official foreign exchange rate of the National Bank of Hungary.

<sup>2</sup> Customers holding securities issued by Gardénia, Worldcom INC or Biomimix INC can authorize the bank to block their account by signing an agreement. In this case no orders can be given, no securities related services will be provided and no account management fee will be charged.

<sup>3</sup> Indexation of charges and fees: The Bank links the calculation of the charges and fees indicated in the present List of Conditions to the average consumer price-index yearly announced by the Hungarian Central Statistical Office regarding the preceding calendar year. The amount or rate of such charges and fees shall be indexed each year from the 1st day of April automatically to the average consumer price-index applicable for the preceding calendar year. The indexed charges and fees shall be published each year in the present List of Conditions on or before the 1st day of April. Charges and fees shall be rounded off to the nearest whole HUF, or if determined in EUR to the nearest two decimal points, according to the general rules of rounding off. The Bank reserves the right not to apply indexation of charges and fees on one or more occasions regarding specific group of Clients or certain types of services.

\* In case of multiple purchase dates, redemption order is based on purchase date. The above minimum fees are applicable for the separately.

<sup>10</sup> the value – in case of redemption of different share classes specified in this “Penalty Commission” section, the consolidated HUF value - of the units to be redeemed by the Investor exceeds HUF 100,000,000, and the Investor has not notified the Fund Manager in writing at least 30 days prior to the issuance of the redemption order (indicating the amount, the unit and the date). In this sense, a transaction is the total number of Units to be redeemed by an Investor within 30 calendar days. In case of redemption in several installments, the penalty commission is charged based on the consolidated transaction value. If, until the end of the daily distribution deadline, a valid redemption order is not given on the day specified in the prior notice sent to the Fund Manager or at the latest on the 2nd distribution day thereafter, or the Investor gives a valid redemption order only for a part of the original indicated redemption amount, with respect to the remaining amount, the above prior notice shall cease to be valid and the Investor shall be liable for the payment of the Penalty Commission, which shall be applicable to the Investor in the event of redemption exceeding the value limit of HUF 100,000,000 in accordance with this clause.

<sup>11</sup> The basis of calculation is the actual rate of the redeemed fund. All of the redemptions within 5 business days count as one transaction. In case of redemptions in parts, the redemption fee will be calculated according to the sum of the transaction amounts. In case of redemptions in parts, the 2% redemption fee includes the fee of redemptions.

The Bank does not fulfil the HC payment obligation automatically from the account of the client.

**Customer statement on withdrawals after 3rd year:**

Currency amount and securities can be selected for withdrawal. Statements can only be made in branches in person.

**Annex No. 1: Ex-ante Sample Cost Calculations**

The purpose of these ex-ante sample cost calculations is to inform investors on potential costs that might be incurred in relation to the financial instruments selected for investment, including:

- Initial costs (e.g. buying or trade commissions, duties and spreads)
- Ongoing costs (e.g. securities account keeping fee, fund management fee, investor protection contribution)
- One-off exit costs (e.g. selling or redemption commissions, spreads)

In accordance with the relevant investor protection rules, the following items are shown separately from one another in the sample calculations:

- Costs of investment services: costs related to the acquisition, holding, and sale of the financial instrument, and to the investment services used, which are deducted by the Bank
- Costs of the financial instrument: costs incurred at the issuer of the product
- Inducements: fees and commissions paid by third parties to the Bank

Please be informed that these sample calculations include estimated values calculated for predetermined investment amounts and time perspectives, which estimates are based on assumptions, and may differ from the costs and fees actually incurred on individual transactions.

For the sake of transparency, the calculations include all fee and commission calculations projected onto the amount to be invested.

The factors influencing the measure of the costs shown may include among others: changes in the price of the financial instrument, amendment of the terms and conditions of investment services, changes in the costs and fees incurred at the issuer of the financial instrument, etc.

For information on further potential costs that might be incurred in relation to investment services, please refer to the Investment products List of Conditions from time to time in effect.
